

FTP Instructions

for Anonymous Users

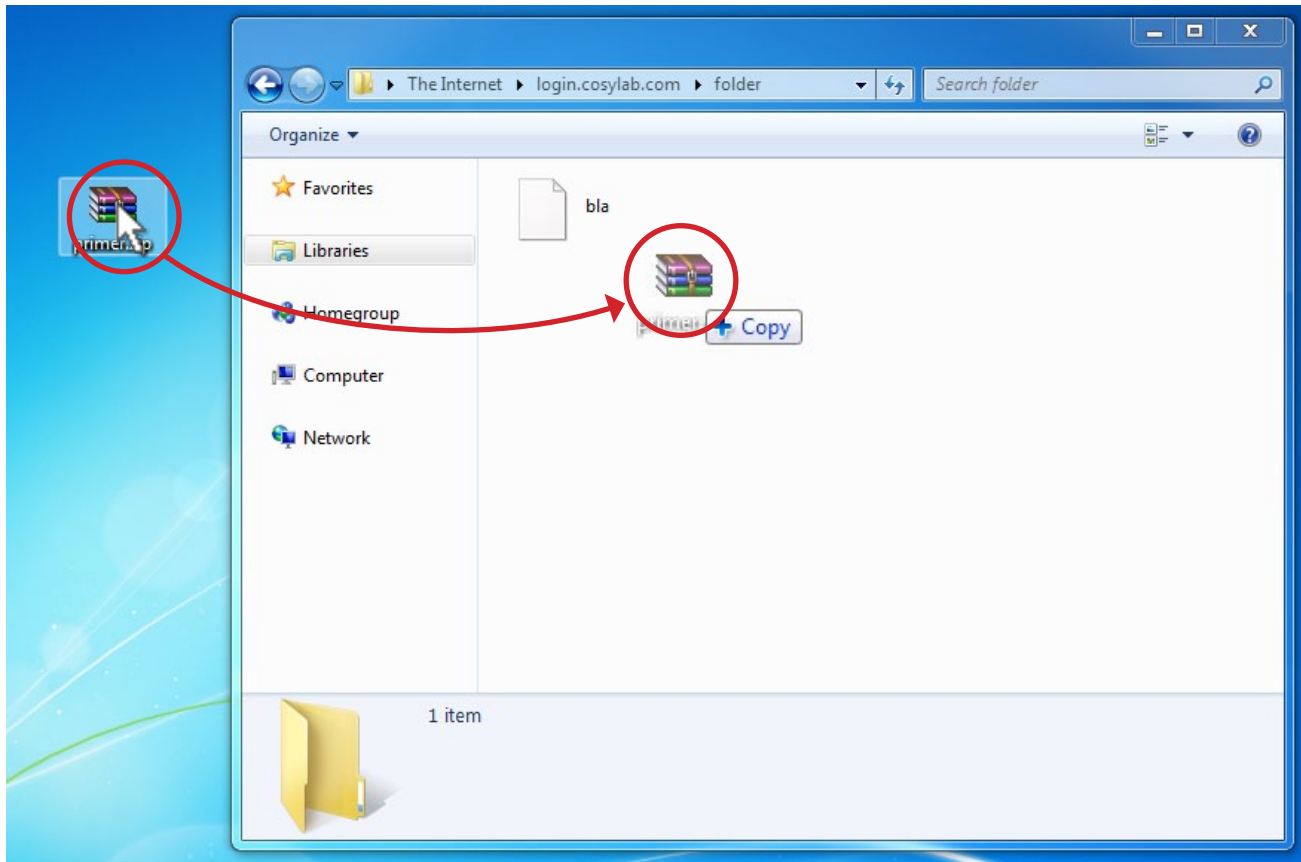

Anonymous Users

1. open a new Windows Explorer window (e.g. Local disk C:, My Computer, ...)
2. enter the location of the Sinergise FTP site in the window's address bar
ftp.sinergise.com
3. confirm by pressing the ENTER key
4. you will be automatically logged in as the "anonymous" user

Anonymous Users

5. using the “**drag&drop**” technique or **Copy/Paste** you can now copy files to Sinergise’s FTP site

6. the transfer of files may take a while, depending on your upload speed
